

# Ezihe Godswill

Frontend Software Engineer

## Relevant Experience

Frontend web developer, **Silicon Africa LLC**

Oct 2020 – Jan 2021

- Built user-interfaces from Figma and Adobe XD wireframes and prototypes with HTML, CSS/SCSS and JavaScript
- Successfully identified, diagnosed, and fixed website problems, including broken links, typographical errors, and formatting issues.
- Helped to achieve a consistent look and visual theme across the website by promoting uniform fonts, formatting, images, and layout.
- Created and evolved multiple identity systems
- Evaluated and became knowledgeable in new standards, technologies, and trends in website development.
- Worked as a productive and positive team member to design, code, test, report, and debug operations.
- Created and evolved multiple identity systems

Product design Intern(Remote), **Utiva inc**

Oct 2020 – Jan 2021

- Involved in UX research work to improve existing products
- Built simple user-interfaces based on solid UI/UX principles to improve user experience alongside team members.
- Learned better high fidelity wireframing techniques to make better MVPs (Minimum Viable Products).
- Evaluated and became knowledgeable in new standards, technologies, and trends in website development.
